also related that the Norfolk & who smoked cigarettes would be would resist the order on the ground that

ettes. It simply says that it will not retain in its employment any man who toes. When a man seeks employment he must accept the terms which the em or decline, and if he be already employed he has the right to quit if the terms de

not suit. But the employer undoubtedly has the right to make the terms. Indeed it is the duty of a railroad corporation to see to it that the men who handle its trains do not indulge in anything that tends to becloud the brain or unsteady the nerves. It is a rule with many railroads we have heard, that its trainmen shall not take intoxicating drinks, and no objection has been raised to that regulation, so far as we have heard, on the score of personal liberty infringement.

Our Country. Uncle Joe Cannon has been heard from. He has heard the wail of the pessimists until he is sick of it, and

He points out that since 1870 the population of the country has a little more than doubled. In the same period the total wealth of the nation has increased from 180,008,518,000 to nearly 180,000,000,000, and the public debt has been reduced from \$3,831,100,000 to \$898,886,772. The national debt of the United States is \$11.81 per capita as against \$20.00 per capita in Great Britain and \$15 per capita in France. The total money in circulation in this country has grown from \$475,000,000 in 1870 to more than \$2,000, and the public debt has been reduced from \$2,831,100,000 to 180,000 to 180,0 he makes a manly reply.

population of the United States were engaged in agriculture. To-day only about a third of the population is occupied in

With that foundation to stand on, Mr. Connon declares that this nation is a great success from every standpoint, and the devil is the mere raving of a demagogue. "The average man," says he, the history of the world, never so well educated, so tree, so well fed, well

housed, and well clothed." perity makes the people more assertive. When they are poor and oppressed, they they are strong and feel their power

and assert it.

For years the cry has come up from certain sources that the trusts were going and they have been able thus far to prospered in spite of the trusts and the money power, and all things are now

an attempt at dodging which lacks ever nered, he will make any sort of a lame defence rather than an honest confes is pitiful, but sooner or later pride will take a tumble.

# A Hot Weather Hint.

A Hot Weather Hint.

A writer in Good Housekeeping makes the following suggestions for keeping rooms cool in summer: "A Southern method of keeping rooms cool is to place earthen jars, which have been covered with several thicknesses of fluined and saturated with water, in opposite windows: Of course the sun must not be shining on the windows. The temperature will become perceptibly cooled in a very short time." This can hardry be called a "Southern" method, as it is very seldom applied in the South. It is used, however, in the tropics, and foun! used, however, in the tropics, and found to be very effective. Throughout the tropics the natives keep water cool by putting it in what is known as "water monkeys," or porous earthenware jans or pitchers, placed, and often suspended, in a draft, at the window or door. The water slowly occas through the porous ware and evaporates on the outside, and thus cools the water inside the jar. This also serves to cool the air in the room. We who live in the South have yet a great deal to learn alr in the room. We who live in the South have yet a great deal to learn about the simple science of being comportable in our ardent summer.—Columibla State.

These simple divices are thexpensive and are worth trying. In addition, your nome may be made more comfortable in the hot season by removing the carpets and heavy draperies, which absorb and retain the heart, and an appearance of coolness may be obtained by a plentiful use of white linen coverings on the furniture, and appearance goes a long way in hot weather. The fact is the imagination frequently plays an important part in our estimate of the weather

if, Holland, \$3.75 in Italy and \$3.38 in Japon.

In that thirty years the average number of industrial wage-earners increased from 2.75,95 to 5.31,539—in other words, the court of industrial wages as many size engaged in manufacturing pursuits—and the total of industrial wages paid out increased from \$175,554,343 to \$3.321,555—in aggregate growth of about \$600 per cent. In industrial wages.

### Mr. Bryan on Monopoly.

Mr. Bryan on Monopoly.

Editor of The Times-Dispatch:

Sir.-High tariff never created a monophy, and in the nature of things, never can do so. If all the tariff were removed, the large corporations would still continue deing business. The romoval of the tariff wall might have two results: First, the lowering of the margin of profit; second, the formation of international corporations. If the first result obtained, there would then be less chance for the small manufacturer than now; because as the margin of profit

chance for the small manufacturer than now; because, as the margin of profit falls, the volume of business will be increased, because large sales at small profits will pay better than small sales at large profits.

As the margin of profit falls and the volume of business increases, capital must be increased, and the opportunity of the small capitalist will be correspondingly pridged. Monopoly then comes as the logical result of commercial evolutions are converted to the small capitalist.

as effectively and cheaply as pessible, is simply ignorant repression—which never was and never can be a remedy for anything.

If, on the ciner hand, Mr. Bryan means to make government monopoles of all large corporations now, he goes a bow-shot beyond even the meat radical populist.

It is conceded that private monopoly, uncontrolled by law, will usually abuse its powers. It has practically the power of taxation, which cannot, with safety, be left in private hands. Manifestly the better course would be to draw the line on right and wrong, and leave both individuals and corporations free to do anything they pleased that was right in itself, and at the same time, establish such agencies of inspection and regulation as would detect wrong and rebuke it. This power of regulation would necessarily comprehend that of fixing rates whenever the public interest required that t should be done. Mr. Bryan is olinging to the expleded theory of competition, and seemingly would adopt harsh measures to take the world back to a course would not be progressive, but distinctively reactionary. The need of the hour is not destruction, but construction. Nover before, not excepting the formative period of our government, was there so great need for constructive statesmanship. We have changed hases; we have gone from the lavidual to the community; from competition to co-operation, and we must write anew in our laws. The Declaration of Independence. We must see to see the individual, but ilkewise, the collections of individuals, whether millionaire or pauper, and put list forms arm and seize this individual, whether millionaire or pauper, and put him in the same fail, to be fed on the same rations, with other disreputables who violate he law. We cannot have two standards and retain our freedom, The poor wretch who steals a ham now goes to the pen, the man who strais an insurance comfrany or railroad is regarded as an exponent of financial prowess. I home when Mr. Bryan has more fully outlined his views that they may contain more constru

# THE TOBACCO GROWERS.

Rapid Growth of the Society of Equity in Virginia.

(Special to The Times-Dispatch.)

GLADYS, CAMPEBLL: CO., VA., June 21.—The organization work of the to-bacco growers all through the State of Virginia, is progressing rapidly. The farmers in the various tobacco belts are showing great interest in the movement. The Pianters' Mutual Protective Association (Inc.) have their prizory in Lynchburg, with A. H. Howerton as secretary and treasurer of the association and financial sgent for Lynchburg. He has his office at the prisory. Leohing & Co., the well known leaf dealers of Lynchburg, are the official prizers for this association.

The meetings of the State and local unions scattered over the tobacco counties, especially in Southside and Piedmont Virginia, are well attended.

The American Society of Equity has gained a strong foothold. State Organizer A. B. Martin, of Concord, Va., is making a tour through the counties of Campbell, Bedford, Appomaticx, Halls fax and Amherst, in the interest of organization work. He is accompanied by J. M. Bell, editor of the Southern Tobacconist and Modern Farmer, of Richmond, Va. The local and county unions will be organized.

forms and green, with wax cagdles illuminating.

The wedding party came down the stairway, through the hall, into the parlors, and stood before an improvised altar, where the ceremony was performed. Hev. Mr. E. H. Powell officiating. The bridegroom and his best man, Mr. Heber J. Morton, met the bride at the altar. Miss Margaret W. Priddy, sister of the bride, was the maid of honor.

The bride is distinguished for her charm and beauty, her dark brown hair blending so well with her dark brown dyes and rosy complexion. She wore a going-nway gown of brown Rajah, with

blending so well with her dark brown over a rosy complexion. She were a going-away gown of brown Rajah, with silk hat and gloves to match. The wedding march was beautifully rendered by Mrs. W. T. Snoddy.

The groom is a promising young pusiness man of Roanoke. Immediately after the ceremony the bridal party took the Northbound Southern train for an extended tour, and will be at their home in Roanoke after August 1st.

The numerous bridal presents attested the popularity of the bride,

"Beechenbrook" has for many years been one of the most delightfully hospitable homes pear the town, and is associated in the minds of the friends of the family with many good times, of which the wedding was the crowning event of beauty and hospitality.

# ELEGANT WEDDING.

### Miss Mary Olivia Frayser Bride of Dr. McGehee.

of Dr. McGehee.

(Special to The Times-Dispatch.)

BALLSVILLE, VA., June 27.—The marriage of Miss Mary Olivia, Frayser, niece of Mr., and Mrs. Milton McLawrine, of Ballsville, Va., to Dr. John William McGehee, of Roidsville, N. C., was celebrated this morning in the Baptist Church of this place, Rev. Dr. J. R. Bagby officiating. The church was beautifully decorated with growing plants and out flowers. Miss Madge Bagby presided at the organ. The bride, gowned in groon cloth over taffeth, and carrying bride's roses, entered with her maid of honor. Miss Edna Earl McLayrine, in blue creps de chine, and carrying pink carnations. They were met at the altar by the groom and his best man, Mr. Henry Trotter, of Reidsville.

## WOODING-WHITEHE

### Beautiful Marriage of Two Popular Young People of Chatham. (Special to The Times-Dispatch.)

CHATHAM, VA., June 37.—The Presby-terian Church, of this place, was at high moon to-day the scene of one of the most beautiful and interesting weddings in the

moon to-day the scene of one of the most beautiful and interesting weddings in the annals of the town.

Ever since the announcement of the coming marriage of Miss Parke Whitehead, daughter of Mr. J. W. whitehead, to Mr. Foote Johnson Wooding, society has looked forward with unabated interest to the nuptial hour, for there never lived in the town two more popular people than the bride and groom of to-day. Long before the hour appointed it was seen that the church would be taxed to accommodate the immense throng of friends that gathered together on this happy occasion. The church had been elaborately and artistically decorated with a wealth of palms, forns and roses. The chancel was a mass of evergreens, which were placed upon a foundation of white, and had white for their background, and which rose gradually upwass in graceful outlines.

Beneath the illuminations caused by soft lights from pink shaded lamps and brilliant candelabras, the picture presented was one of rare and delicate beauty, the color scheme throughout being green, white and pink. As the bridal party entered the church, Mandelssohn's wedding march was beausifully rendered on the organ by Miss Bessie Trodway, with violin

horne Jones, a tiny tot, in white, and bearing the wedding ring, on a silver tray.

The bride entered with her father, and was met at the alter by the groom, with his best man, Colonel B. S. Reid, who had approached from the opposite alse. The ceremony was most impressively performed by Rev. V. R. Gaston, pastor of the church, during which the beautiful strains of "Call Me Tinne Own" came forth in subdued tones from the organ. The gown worn by the bride was peculiarly suited to her striking beauty, which is of the bruncte type. It was a handsome tailor-made costume of coral pink chilton cloth, with hist to match. Her only ornament was a magnificent diamond brooch, the brides jeft of the groom. The men were the conventional freek costs, light trousers and pink resebude as boutonnieres.

Wilroy—Watson.

(Special to The Times-Dispatch.)

PROSPECT, VA., June 21.—One of the prettiest home weddings of the season, and one in which society feels much interest, was solemnized this afternoon at 8 o'clock, when Miss Myrtle Louise, the popular and attractive daughter of Mr. and Mrs. J. Ed. Watson, became the bride of Mr. J. Carl Wilroy, of Nansemond county, Va.

The bride and gruom entered the spacious arior preceded by Mr. Jno. Wilroy, brother of the groom, as best man, and Miss Minnie Balley, of Portsmouth, as maid of honor, while the wedding march was skilfully rendered by Miss Florence. Adkinson, of Nottoway, and were met at the altar by Rev. A. L. Carson, who said the impressive words that consummated the two lives in one.

The bride was tastefully dressed in a handsome going-away gown of gray silk, and carried a lovely bouquet of Bride's roses. The maid of honor wore white and carried a lovely bouquet of Bride's roses. The maid of honor wore white and carried a lovely bouquet of Bride's roses. The maid of honor wore white and carried a lovely bouquet of Bride's roses. The maid of honor wore white and carried Miss Biles, of Farmville; Mrs. M. Tuggle, of Keysville; Mr. and Mrs. Rice, of Lynchburg.

After the ceremony Mr. and Mrs. Wilroy left for Asheville, N. C., and after an absence of two weeks will reside at Drivers, Va.

Mason—Burgess.

(Special to The Times-Dispatch.)
